Career Objective

I'm a passionate Frontend Developer with an insatiable drive to turn innovative concepts into captivating realities. I thoroughly enjoy collaborating with dynamic teams to tackle challenges head-on, fostering a creative and collaborative environment. With a keen eye for design and a mastery of cutting-edge technologies, I strive to deliver seamless user experiences that leave a lasting impact. Let's create web magic together!

Key Skills

- **Programming languages:** HTML5, CSS3, JavaScript, Python
 - **Frameworks:** TailwindCSS, React js
 - **Web services:** REST, AXIOS, JSON, AJAX, Firebase, GIT, GitHub, Framer motion, Context API, ES6+
 - **CMS:** Wordpress
 - Written and verbal communications
 - Ability to work in a team
-

Latest Project Experience

JobarCV | May 2023 - June 2023

Frontend Web Developer

- JobarCV is an online web app that allows job hunters to create their Curriculum Vitae easily and faster. The web app contains a template which can be edited according to user's needs to create the perfect CV they need for the job
- Employed mastery of front-end framework (ReactJs), CSS and AOS library for scroll animations
- Applied version control software (Git) to track, test, and update pre-existing source code

Panthera NFT | March 2023 - April 2023

Web Developer

- I created the official website for Panthera NFT brand using HTML, CSS, JavaScript, and Swiper js library for slide animation
 - Committed and pushed the original code and updated code to the official GitHub account
-
